**My miracle worker**

'I love Vita-A-Kombi - it's a magical lotion that keeps pimples away.'

**What it is:** An amazing face cream that repairs and restores damaged skin - great for older or spot-prone skin, or anyone who smokes. (Available in three types - Vita-A-Kombi 1, 2 and 3.)

**Why it's so good:** Used morning and night, it hydrates skin and minimises large pores. But more importantly, it contains oxygen, which kills bacteria, removes toxins and plumps up sagging skin - no wonder Uma's a fan.

**How to get it:** Visit [www.karinherzog.co.uk](http://www.karinherzog.co.uk) or call 0800 056 2428 for stockists.
